

PINE RIVER

NATURAL RIVER PLAN

Michigan Department of Natural Resources

Fisheries Division

September 12, 2003

ACKNOWLEDGEMENTS

The Pine River Citizens Advisory Group spent nearly three years in monthly meetings helping the DNR develop this draft Natural River Plan for the Pine River system. DNR would like to thank all the group members for the time and effort they put into this planning process. It should be noted that not all Advisory Group members agreed with all of the recommendations in this plan. Following is a list of citizens who were active members of the Pine River Citizens Advisory Group at some time during the planning process (**bold type** indicates an active member at the time of the most recent Advisory Group meeting).

Pine River Citizens Advisory Group

Jeff Beilfus, **Roger Beilfus, Jim Bernier, Jeff Bothee**, Thomas Bowes, **Stephen Bowyer**, James Carr, **David Clark, Iris Davidson, Fred Goetz, Matt Gray, David Groenleer, Lou Helder, Tom Jobson**, Matt Johnstone, Gene Jurik, **Gary Marek**, Kris Martinson, **Jim Maturen**, Kurt Meister, Michael Michel, **Mark Miltner, Vord Nelson**, Ray Schmidt, **Richard Shotwell**, Gary Swiger, **Howard Thompson, Alan Van Antwerp, Leon Bigelow**.

Tom Rozich of Michigan Department of Natural Resources' Fisheries Division was the primary author of Fisheries Division's Manistee River Assessment. Much of the background watershed information in this document was gathered from that document.

TABLE OF CONTENTS

List of Tables	iv
Introduction	1
I. PINE RIVER WATERSHED	2
A. The Watershed	2
B. Climate	2
C. Transportation and Area Government	2
D. Geological History	3
E. Historical Human Influences	3
F. Biological Communities	6
1. Original Fish Communities	6
2. Present Fish Communities	6
3. Unusual Fish Communities/Habitats	7
4. Mammals	7
5. Birds	7
6. Amphibians and Reptiles	8
7. Aquatic Invertebrates	8
8. Pest Species	8
G. Hydrology and Channel Morphology	9
1. Annual Stream Flow	9
2. Seasonal Flow Stability	9
3. Daily Flow Stability	9
4. Channel Gradient	10
5. Stream Characteristics by Segment	10
H. Vegetation, Soils and Land Use Patterns	11
I. Land Ownership	11
J. Recreational Uses	12
1. Canoeing	12
2. Fishing	13
3. Other Recreational Activities	13
K. Dams and Barriers	13
L. Mineral Extraction	14
M. Water Quality	14
N. Special Jurisdictions	14
1. Navigability	14
2. Federal Energy Regulatory Commission	15
3. County Drains	16
4. Federal Wild and Scenic Rivers	16
O. Citizen Involvement	17

II.	PROPOSED PINE RIVER NATURAL RIVER PLAN	18
A.	Goals and Objectives	18
1.	Goal of Designation	18
2.	Objective of Designation	18
B.	River Segments Proposed for Designation	18
C.	Natural River District	21
	Map of Natural River District	22
D.	Private Land Development Standards	23
1.	Permitted Uses	23
	-Summary of Standards	24
2.	Native Vegetation Buffer	24
3.	Building Setbacks	26
4.	Minimum Lot or Parcel Sizes	27
5.	Impervious Surfaces	28
6.	Number of Residential Structures Per Lot or Parcel	28
7.	On-site Waste Treatment Systems	29
8.	Other Waste Disposal	29
9.	Docks	30
10.	Height of Structures	30
11.	Land Alteration	30
12.	Stairways	30
13.	Signs	31
14.	Dams	31
15.	Bridges	31
16.	New Commercial Uses	33
a.	Rental cabins	34
b.	Campgrounds	35
c.	Agriculture	35
d.	Home occupations	36
e.	Mineral extraction	36
f.	Forest management	36
g.	Prohibited new commercial uses	36
17.	New Industrial Uses	37
18.	Legal Nonconforming Lots, Structures and Uses	37
a.	Nonconforming lots	37
b.	Nonconforming uses	37
c.	Nonconforming structures	38
E.	Public Lands/Programs and Utility Management	39
1.	Native Vegetation Buffer	39
2.	Vegetation in the Stream Channel	41
3.	Campgrounds	42
4.	Public Access Sites	42
5.	Public Rental Cabins	43
6.	Roads and Trails	44
7.	Motor Vehicles in the Natural River District	45
8.	Mineral Extraction	45

9.	Pipeline and Other Utility Stream Crossings	45
10.	Land Alteration	46
11.	River Restoration/Bank Stabilization	47
12.	Stream Alteration	48
13.	Commercial Use of State Lands	49
14.	Dams	50
15.	Land Acquisition and Disposal	50
